EE AA C#mC#m BB  
Recognizing opportunities for something big  
Transcending individual initiatives  
The building blocks that will raise biomedicine  
A roadmap to a future bright indeed

AA EE BB  
A decade of progress we've made  
AA BB  
All toward a common goal

EE BB AA (2x)  
Say Hey to the Common Fund of NIH  
Say Hey, big data turns to knowledge  
AA BB (2x)  
Say Hey to single cell analysis  
Say Hey, the pioneers will lead this

EE AA C#mC#m BB  
GTex, knock out mice, molecular libraries  
Epigenomics, RNA, and bioinformatics  
PROMIS brings the patients' outcomes in  
And HCS collaboratories are a win-win

AA EE BB  
A decade toward novel cures  
AA BB  
And better treatments for all

EE BB AA (2x)  
Say Hey to the Common Fund of NIH  
Say Hey to advancing global health  
AA BB (2x)  
Say Hey to the science of behavior change  
Say Hey to strengthening the workforce

C#m A B  
And lest you thought the journey was done  
There's so many races left to run

EE BB AA (2x)  
Say Hey to the Common Fund of NIH  
Say Hey to CTSAs gaining steam  
AA BB (2x)  
Say Hey, fundamental sea change is here  
And we're just getting started...
