

Chemical Tools for Dissecting Microbial Glycobiology

American Chemical Society Meeting

Macromolecular Chemistry: The Second Century

Spring 2020, March 22-26

Philadelphia, PA

Invited Speakers:

Suzanne Walker, *Harvard Medical School*

George Wang, *Georgia State*

Sloan Siegrist, *UMass Amherst*

Myles Poulin, *University of Maryland*

Danielle Dube, *Bowdoin College*

Patrick Moynihan, *University of Birmingham, UK*

**Currently accepting abstracts for posters
and short talks related to the dissection of
microbial glycobiology using chemical tools!**

To submit an abstract please go to:

<https://callforpapers.acs.org/philadelphia2020/CARB>

Session Organizers:

Ben Swarts, Tania Lupoli, Catherine Grimes

Submission Deadline: October 14, 2019
